A&R HomeScapes ~ Meet the family

Audrey & Ryan, Spencer and Shiloh

We are a husband and wife team who love spending time with our crazy kiddos! Spencer is our 6 year old, responsible "old soul", while Shiloh takes after her momma's "free spirit" and brings lots of energy to our family!

Our home-based business is all about furniture and decor and we love helping our clients with creative solutions for the home - which led to designing some decorative storage solutions for essential oils. Combining our efforts, we've designed a couple wall mounted options perfect for those who want to bring organization to their essential oils while keeping them out of reach of little hands (especially little girls who love all things lotion)!

Cute & elegant design is super important to Audrey while practical function is Ryan's pursuit. So together, we present to you our starting line of Handmade Essential Oil Storage Solutions! We would love to hear your feedback or any suggestions you might have. Feel free to contact us!
